

STATEMENT ON KLO/CAN FLIGHTS

PHILIPPINE AIRLINES, INC. (PAL) would like to inform its passengers of the recent restructuring of its flight network in the region. More specifically, PAL will not operate flight PR380/381 on the Kalibo-Guangzhou *vv* route effective 01 January 2018. However, PAL will be mounting an additional Manila-Guangzhou *vv* flight every Saturday effective from 03 February 2018.

In consideration of the current market conditions, this additional Manila-Guangzhou operation will ensure that efficient air transport services are continuously provided between points in the Philippines and Guangzhou. PAL will continue expanding services linking different cities in China, including Beijing, Shanghai, Quanzhou (Jinjiang), Chengdu, Xiamen and Guangzhou, with various Philippine destinations in our ongoing bid to stimulate greater tourist and business travel between the Philippines and China.

We are currently notifying affected passengers on the Kalibo-Guangzhou and vice versa flights. If you have not received any notification, kindly call the PAL Hotline Nos. +63 2888-1888 (for the Philippines) or 400-100-2752 (for China) for rebooking or refunds.
