

ENTRY REQUIREMENTS TO HUNGARY

The Hungarian authorities have introduced requirements for passengers arriving in the country. Kindly see more about these requirements and related links to acquire more information.

23.09.2020

First published on 31 August 2020

- Please note, that only nationals of Hungary, their spouses and children, and holders of permanent residence permits, are allowed to arrive in the country.
- Also, foreign nationals, who are members of international and humanitarian missions, part of military convoys or business and diplomatic delegations are allowed to enter the country. You need to apply for official approval prior to travel from the embassy.
- Transiting via Hungary to a third country is allowed for EU-citizens and EU-residents who are returning home. The onward connection must be on the same day.

- Returning Hungarian nationals who have travelled abroad must self-isolate for 14 days of quarantine upon arrival. At the end of quarantine, you will be tested twice for Covid-19.

If your travel plans change due to the travel restrictions, please check your options [here](#).

Please note:

Entry restrictions might be subject to change on short notice.

All customers are responsible for ensuring that they are allowed entry into the country they are travelling from, to or are in transit through.

The latest entry restrictions can be enquired from the applicable consulate or embassy or you can find them via [the Hungarian authorities' website](#).
