

Traveling to destinations that require additional health documentation

Issued: 10/13/2020

Today's travel experience may come with increased credential requirements, due to recent global health concerns. If your destination requires additional health documentation, American recommends customers arrive at the airport a minimum of three hours prior to departure.

This increased check-in time gives American sufficient time to complete the check-in process and verify the customer has all of the travel documents needed for the flight.
