SUBJ: Restrictions on the number of passengers arriving in Japan

Please be informed that in order to strengthen the quarantine measure in accordance with COVID-19 pandemic, Japanese government has announced with instruction to limit the number of passengers entering Japan, we are currently limiting the number of seats available for reservation.

This means that there may be no seats showing available when making a new reservation or making changes to an existing reservation on JAL group flights arriving into Japan. Additionally, if you already have reservation on a JAL flight, there is a possibility you may not be able to enter Japan due to the restrictions.

Please be sure to confirm the details of government restrictions in advance.

For more details, please refer to JAL HP as below.
