VSbulletin – COVID Flexibility Policy – 02 March 2021

We continue to monitor the Covid-19 situation very carefully, including the latest guidance from the World Health Organization (WHO) and the Foreign and Commonwealth Office (FCO), as well as any new entry or quarantine restrictions implemented by the countries we fly to.

General Guidance for Covid-19 Policies

- This policy is to allow customers more flexibility in addition to original fares rules
- Cancellations, refunds and downgrades are subject to the original fare rules, unless permitted by this policy – whichever is the most flexible. 'All travel' must include all outbound AND inbound travel dates
- Total Selling Price (TSP) - Includes all fare, YQ, taxes and surcharges when re-calculation is required
- This policy applies to all VS/VS* regardless of ticket type and includes tickets that are usually non-changeable, and also includes unticketed
- Where fare difference is charged, it should be calculated including all taxes/charges (Total Selling Price). For all of the attached guidance, fare and adcol refer to TSP
- Where the passenger wishes to upgrade cabin, fare difference should be charged
- **No Shows** - We would encourage customers to rebook prior to the original travel date. If your customers do not show up for their flight or are denied boarding you may rebook your customers. Change fees will be waived, fare difference applies. Refunds will not be permitted.
- Part travelled rebooking is permitted to an earlier date and minimum/maximum stay restrictions will be waived
- Itineraries that include connections to or from other airlines, may be rebooked to travel in the same booking class, or, if original booking class isn't available, re-book in the lowest available class in the same cabin. No change fee will be charged however additional collection must be calculated at TSP
- Rebooking onto an alternative connecting carrier will be subject to the fare rules as per CAT4 flight application. No change fee will be charged however additional collection must be calculated at TSP
- Where a change to outbound date occurs, return date may be changed to protect the original length of the trip within the permitted travel period
- For bookings made on/before 11 Mar 20, refunds are allowed if customer is unable to travel due to an 'event beyond their control' e.g. national lockdowns (see Refunds section for details)
