

## Flexi Pass

Visiting the UK just got easier, with flexible tickets and locked in prices for you, your friends and family.

The world is starting to open up, and we're looking forward to seeing our friends and family in the UK face to face again. It's a great time to start planning your trip.

To make planning easier, Virgin Atlantic is introducing Flexi Pass, which lets you buy bundles of two, three, four or more tickets in advance at a locked in price, to use whenever you like.

### With Flexi Pass you can:

1. Buy multiple flights between Hong Kong and London Heathrow at a **special locked-in price**. The more flights you book, the more you save.
2. Tickets can be for **yourself** or for **friends and family**, and you don't even need to be travelling together at the same time.
3. If plans change and you need a ticket for someone else, no worries - you get **one free name change** with each bundle.
4. Your tickets will be valid for a full **12 months**, and you can change your dates **twice free of charge**. We want to make sure you can feel relaxed about your plans, so if things change, so can your ticket.
5. The Flexi Pass offer is available for travel in **all of our cabins** - Upper Class, Premium and Economy - and it applies to both **one way flights and round trips**.

And of course, you'll enjoy our famous onboard experience as well as the highest levels of cleanliness and safety, so you can fly safe, and fly well, with us.

So whatever your reason to fly, now's the time to choose Virgin Atlantic.

If you wish to find out more, please visit [virginatlantic.com/hk/en/flexi-pass.html](https://virginatlantic.com/hk/en/flexi-pass.html). Please contact your travel agents to book your Flexi Pass tickets or call our contact centre hotline **(+852) 2532 3000**.
