Know the Entry Requirements Before Travel
Beginning July 5, 2021, fully vaccinated travellers who are permitted to enter Canada will not be required to stay at a government-authorized hotel, or be subject to quarantine or a COVID-19 test on day 8. Fully vaccinated travellers must still meet all other mandatory requirements, including pre- and on-arrival testing, their vaccination documentation, and provide COVID-19 information electronically through ArriveCAN prior to arrival in Canada. If you are connecting within Canada, travellers who are fully vaccinated and meet all of the criteria can travel to the final destination in Canada. For travellers who are not fully vaccinated, there are no changes to Canada's current border measures. Learn more about the transit services on the Air Canada website, and entry restrictions at the IATA Travel Centre, COVID-19 information hub. For further details, please visit the Government of Canada website and register your details on the ArriveCAN app before you travel.

International students should visit the IRCC and the Consulate of Canada in Hong Kong *(social media)*, to decide on your appropriate time to travel.
