

DAILY DIRECT SERVICES FROM HONG KONG TO CANADA

September 08 – October 30

Air Canada is operating daily direct services from Hong Kong to Vancouver and Toronto from September 08 - October 30. Air Canada has also announced its current summer transborder schedule of up to 220 daily flights between the U.S. and Canada.

Know the Entry Requirements Before Travel

Since August 9, 2021, fully vaccinated travellers who are permitted to enter Canada no longer need to take the Day 1 COVID-19 test on arrival, unless randomly selected at the airport. Moreover, the three-night hotel stay at a government-authorized hotel is no longer required for all travellers. On September 7, 2021, the Government intends to open Canada's borders for non-essential travel to travellers from any country who have been fully vaccinated with [a vaccine accepted by the Government of Canada](#) at least 14 days prior to entering Canada and who meet the [requirements for entering Canada](#).

All travellers coming to Canada for non-essential reasons must submit their information digitally including their quarantine plan, vaccination information and a COVID-19 symptom self-assessment by using the [ArriveCAN](#) app before they board their flight. If you are connecting from an international destination to another international destination, you are exempt from the requirements if you remain in the secure terminal area. Please ensure you are aware of the entry requirements for your final destination. Learn more about the transit services on the [Air Canada website](#), and entry restrictions at the [IATA Travel Centre](#). For further details, please visit the [Government of Canada website](#) for traveling to Canada and the [HKSAR Covid-19 Thematic Website](#) for inbound travellers into Hong Kong.
