温机集函〔2022〕13号

## 温州机场集团关于协助做好来温旅客提前申领 “温州防疫码”的函

各航空公司：

因当前疫情防控形势依然严峻，为保障群众生命安全和身体健康，根据温州市疫情防控工作要求，来温返温人员需提前申领“温州防疫码”，抵温后主动配合“亮码”；如“温州防疫码”显示异常，根据提示主动联系社区人员，配合落实网格员排查和管控措施。为在疫情防控期间最大限度方便旅客出行，减少旅客不必要等待时间，避免聚集滞留可能，请贵司做好站前告知工作。感谢贵司对温州机场疫情防控工作的理解和支持！

三、填入收到的验证码勾选授权同意，即可进入下图查询结果页面。

The screenshot shows a mobile application interface for Wenzhou's health and travel codes. At the top, it says '温州防疫 (健康码 + 行程码)' (Wenzhou Epidemic Prevention (Health Code + Travel Code)). Below this, there are input fields for '姓名:' (Name), '手机号:' (Mobile Number), and '证件:' (ID Card), each followed by a series of black dots representing masked information. To the right of these fields is a green circular button with an upward arrow and the text '可通行' (Can Pass). Below the input fields is a button labeled '解除关联' (Dissociate). The main section is titled '温州市健康码' (Wenzhou Health Code) and features a large green QR code. Below the QR code, it says '已完成新冠疫苗加强接种' (Completed COVID-19 vaccine booster vaccination). At the bottom of this section is a button labeled '重新关联健康码' (Re-associate Health Code). The next section is titled '我的个人行程' (My Personal Itinerary) and shows '更新:' (Update) and '失效:' (Invalid) with corresponding QR codes. Below this is a large green circular button with a white checkmark. At the bottom of this section is a button labeled '重新申报行程' (Re-declare Itinerary). At the very bottom of the screen, there is a small line of text: '您于前14天内未到达或途经下述城市:' (You have not arrived or passed through the following cities within the last 14 days:).

温馨提示：可拨打 0577—12345 提前了解温州市最新疫情防控管理政策。
