VSbulletin: COVID-19 Flexibility for Customers – 16 Feb 2022

We continue to monitor the Covid-19 situation very carefully, including the latest guidance from the World Health Organization (WHO) and the Foreign and Commonwealth Office (FCO), as well as any new entry or quarantine restrictions implemented by the countries we fly to.

Changes vs Flexibility Policy issued on 30 Dec 2021

- Updated policy to cover travel up to 31 Aug 2022 for bookings from 16 Feb 2022 until further notice
- Clarified policy on rebooking options for flight cancellations

General Guidance for Covid-19 policies

This policy is to allow customers more flexibility in addition to original fares rules

Cancellations, refunds and downgrades are subject to the original fare rules, unless permitted by this policy – whichever is the most flexible. 'All travel' must include all outbound AND inbound travel dates.

Total Selling Price (TSP) - Includes all fare, YQ, taxes and surcharges when re-calculation is require.

This policy applies to all VS/VS* bookings, including unticketed, regardless of ticket type and includes fares that are usually non-changeable.

Where fare difference is charged, it should be calculated including all taxes/charges (Total Selling Price). For all of the attached guidance, fare and adcol refer to TSP.

Where the passenger wishes to upgrade cabin, fare difference should be charged.

Part travelled rebooking is permitted to an earlier date and minimum/maximum stay restrictions will be waived.

 VSbulletin

Itineraries that include connections to or from other airlines, may be rebooked to travel in the same booking class, or, if original booking class isn't available, re-book in the lowest available class in the same cabin. No change fee will be charged however additional collection must be calculated at TSP.

Rebooking onto an alternative connecting carrier will be subject to the fare rules as per CAT4 flight application. No change fee will be charged however additional collection must be calculated at TSP.

Where a change to outbound date occurs, return date may be changed to protect the original length of the trip within the permitted travel period.

For bookings made on/before 11 Mar 20, refunds are allowed if customer is unable to travel due to an 'event beyond their control' e.g. national lockdowns (see Refunds section for details).
